

## ABOUT ME

With more than ten years in the UX and visual design field, I have honed my skills to create exceptional digital experiences with a focus on accessible and inclusive design. My career has taken me through various industries, allowing me to work on an array of projects, from e-commerce platforms, healthcare applications, and crafting and maintaining design systems. My expertise includes visual design, information architecture, prototyping, and front-end development. I pride myself on my ability to translate complex ideas into elegant and user-friendly interfaces. I thrive in collaborative, cross-functional environments and have a proven track record of delivering on-time. As a UX designer, I'm committed to continuously evolving my skill set and pushing the boundaries of what's possible in the world of user experience.
